ABOUT US

Established in Abu Dhabi, UAE in 1992, Mediterranean building materials has become ever since a key player and a leader in the production, supply and installation of specialized construction related products. Over this period of time, MBM has been associated with well-established manufacturers across the world to provide sustainable solutions for the ever-growing Middle Eastern construction industry in terms of architectural and infrastructural products.

Over the years, we have expanded our operations geographically to cover the Middle-East and via strategic product diversification. In line with our strategy, we have set-up a dedicated division to cater to the ever growing fitness and lifestyle sector aptly called our sports and leisure division. Through this division we are providing solutions for

- Acrylic Sports Surfaces
- Wood Flooring Systems
- Outdoor and Gym Rubber Flooring
- Safety Rubber Flooring
- Gymnasium and Athletic Equipment
- Stadium and Telescopic Seating
- Protective Wall Padding
- Lockers and Cubicles

YOUR **S**PORTS & **L**EISURE FACILITY
IN GOOD HANDS

ACRYLIC SPORTS SURFACES

Our ITF approved Acrylic sport surfacing systems are 100% acrylic, non-hazardous materials for sports such as tennis, basketball, inline hockey, tracks, shuffleboard & multipurpose courts. Our surfaces are designed for indoor and outdoor use, over asphalt or concrete. Acrylic Sport surfaces have a proven test record for being durable in the prevalent weather conditions around the region.

THE **B**EST ALL WEATHER SPORTS SURFACES

WOOD FLOORING SYSTEMS

If you are looking to build or renew an indoor sport court, a dance studio or a multipurpose arena with hardwood flooring, you will find the optimal solution here. We supply high quality FIBA, WSF, IHF & BWF approved solid wood flooring for all types of sports and gyms, including basketball courts, handball courts, volleyball courts, futsal pitches, racquet courts, squash courts and multipurpose arenas.

FIXED AND PORTABLE SPORTS FLOORING SYSTEMS

OUTDOOR & GYM RUBBER FLOORING

Our rubber flooring products are used in a broad spectrum of applications including Fitness, aerobics and exercise floors, highly durable floors of offices and commercial rooms as well as multipurpose surfaces used for sports and other activities. These floor coverings are supplied in either roll or tile form.

The elastic layers feature outstanding ball rebound properties and excellent impact shock absorption, making them ideal for point-elastic floors in sports and multipurpose facilities. They are highly resilient materials used under artificial turf for football, field hockey, etc. and under running track surfaces.

FITNESS AND SPORTS RUBBER FLOORING SOLUTIONS

SAFETY RUBBER FLOORING

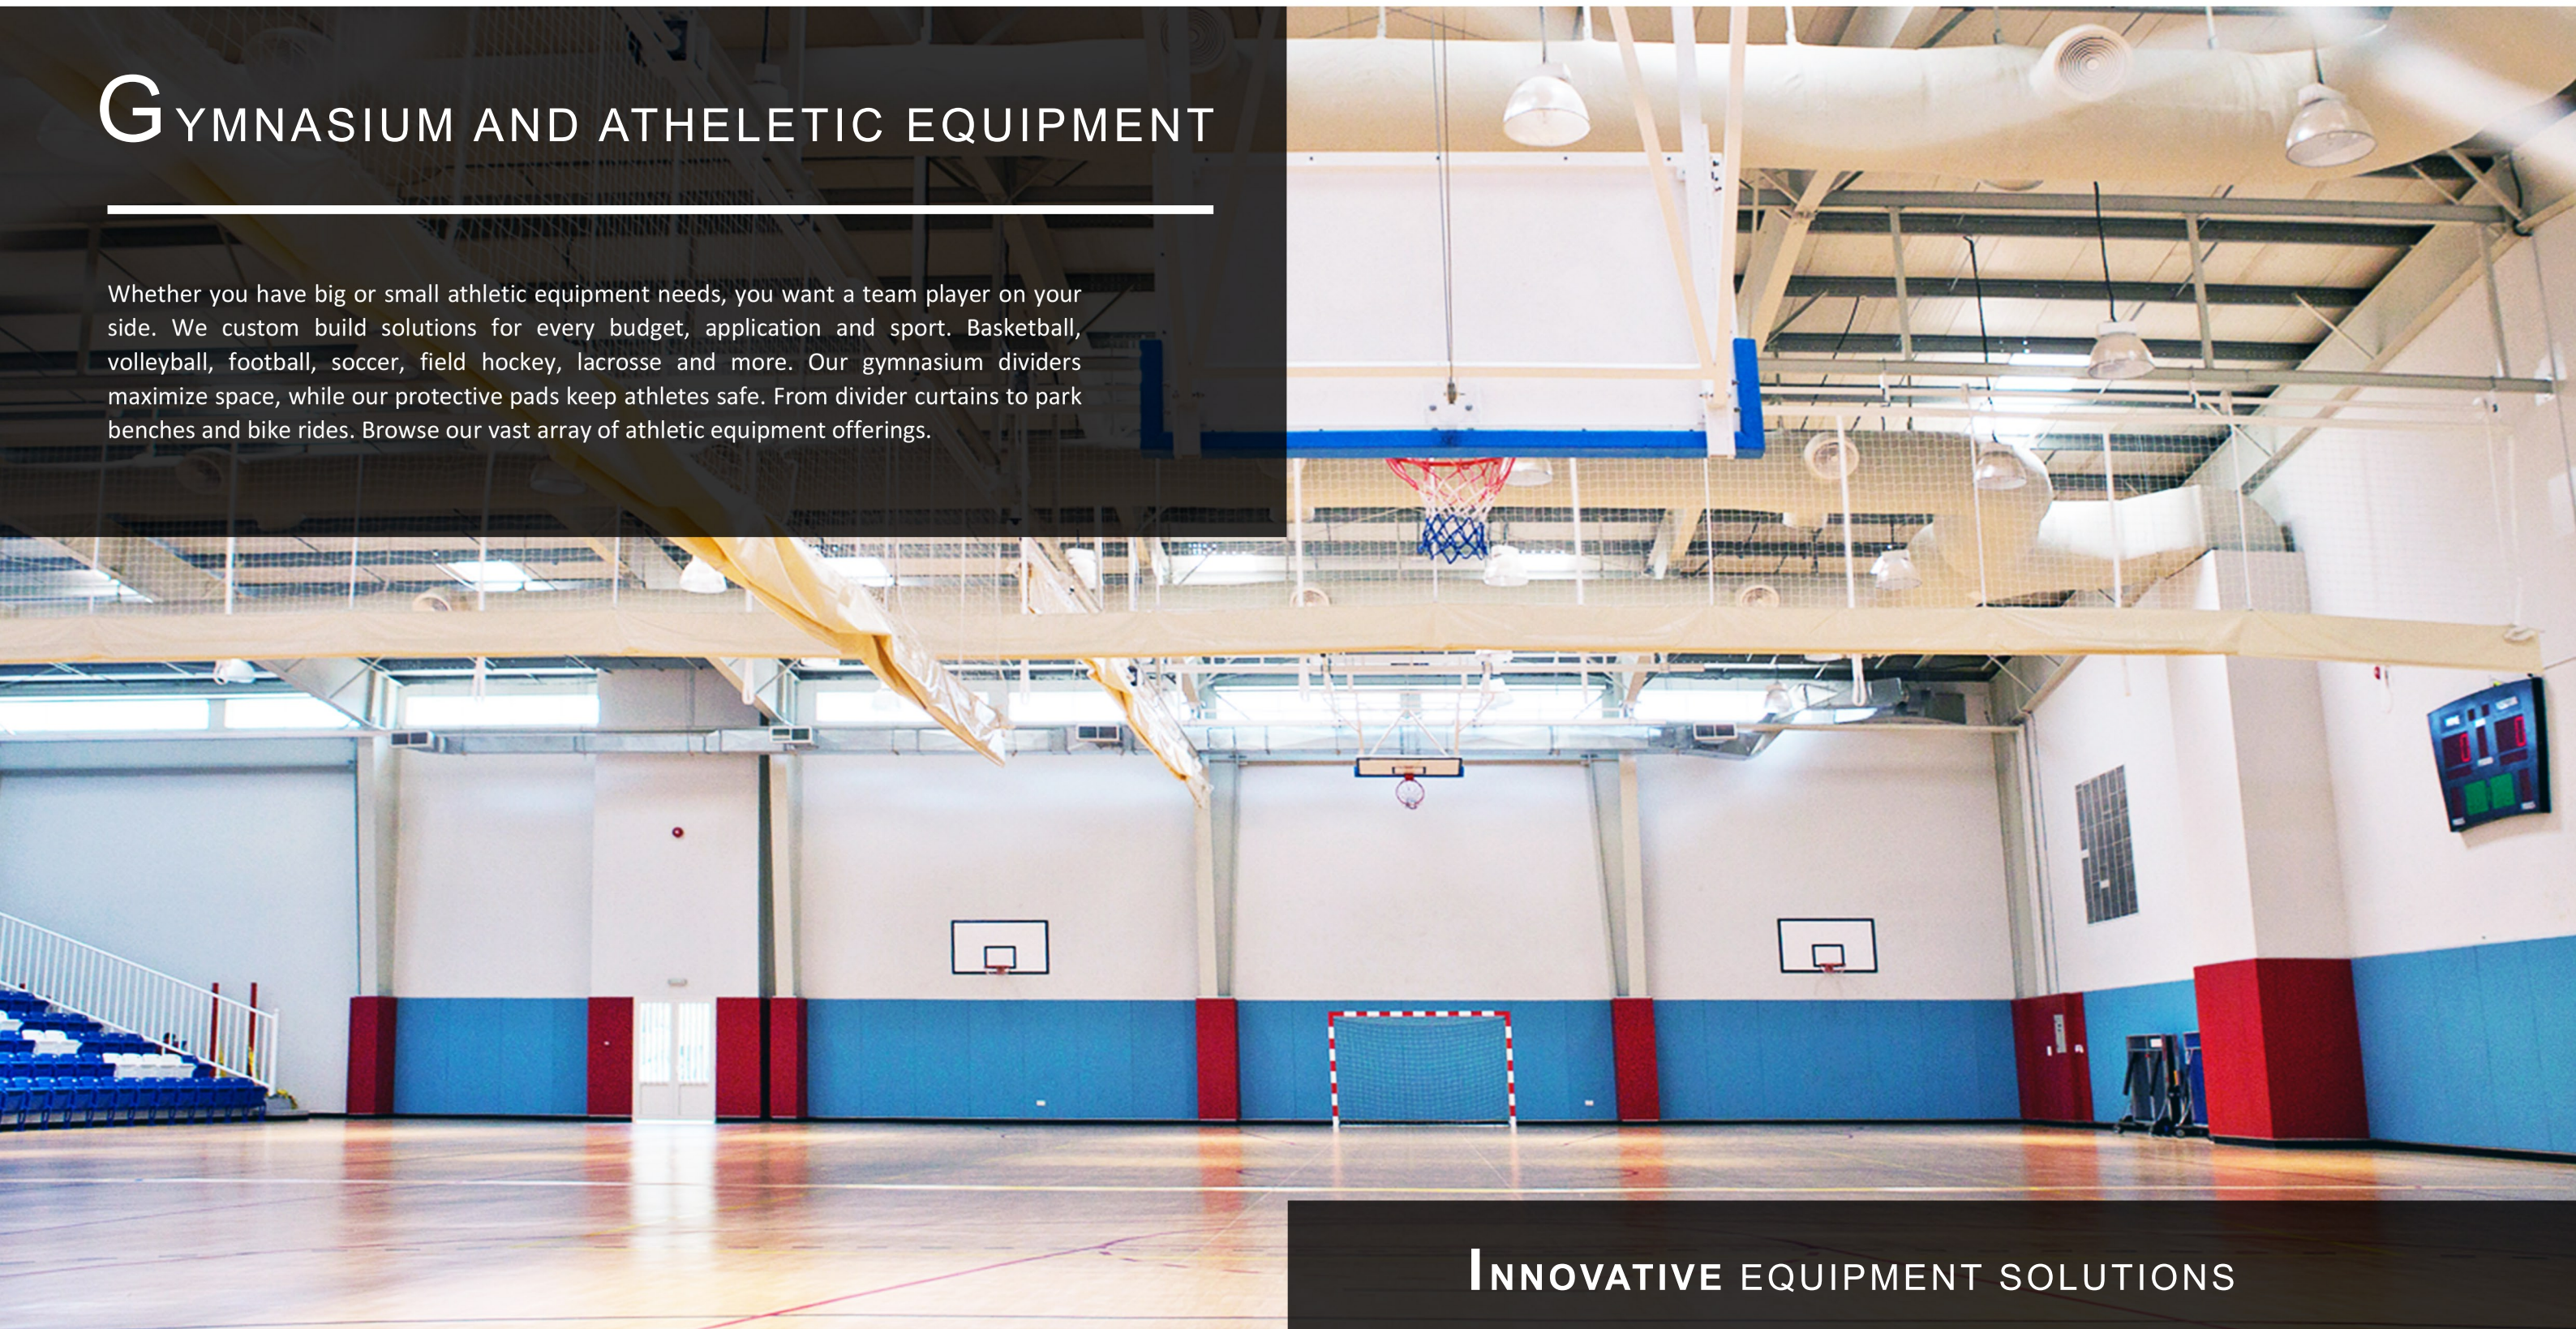

We offer rubber tiles that guarantee the highest safety standards on playgrounds. They allow children to romp about happily, without risk of injury. These rubber tiles offer effective protection when children jump or fall to the ground by attenuating the impact and therefore reducing the risk of injury. Our rubber tiles are also effective as an elastic floor covering in nursing homes and rehabilitation centers, multi-generation recreation facilities, schoolyards, under gymnastic and climbing equipment and as walkways.

IMPACT PROTECTION FOR PLAYGROUNDS

GYMNASIUM AND ATHLETIC EQUIPMENT

Whether you have big or small athletic equipment needs, you want a team player on your side. We custom build solutions for every budget, application and sport. Basketball, volleyball, football, soccer, field hockey, lacrosse and more. Our gymnasium dividers maximize space, while our protective pads keep athletes safe. From divider curtains to park benches and bike rides. Browse our vast array of athletic equipment offerings.

INNOVATIVE EQUIPMENT SOLUTIONS

S TADIUM AND TELESCOPIC SEATING

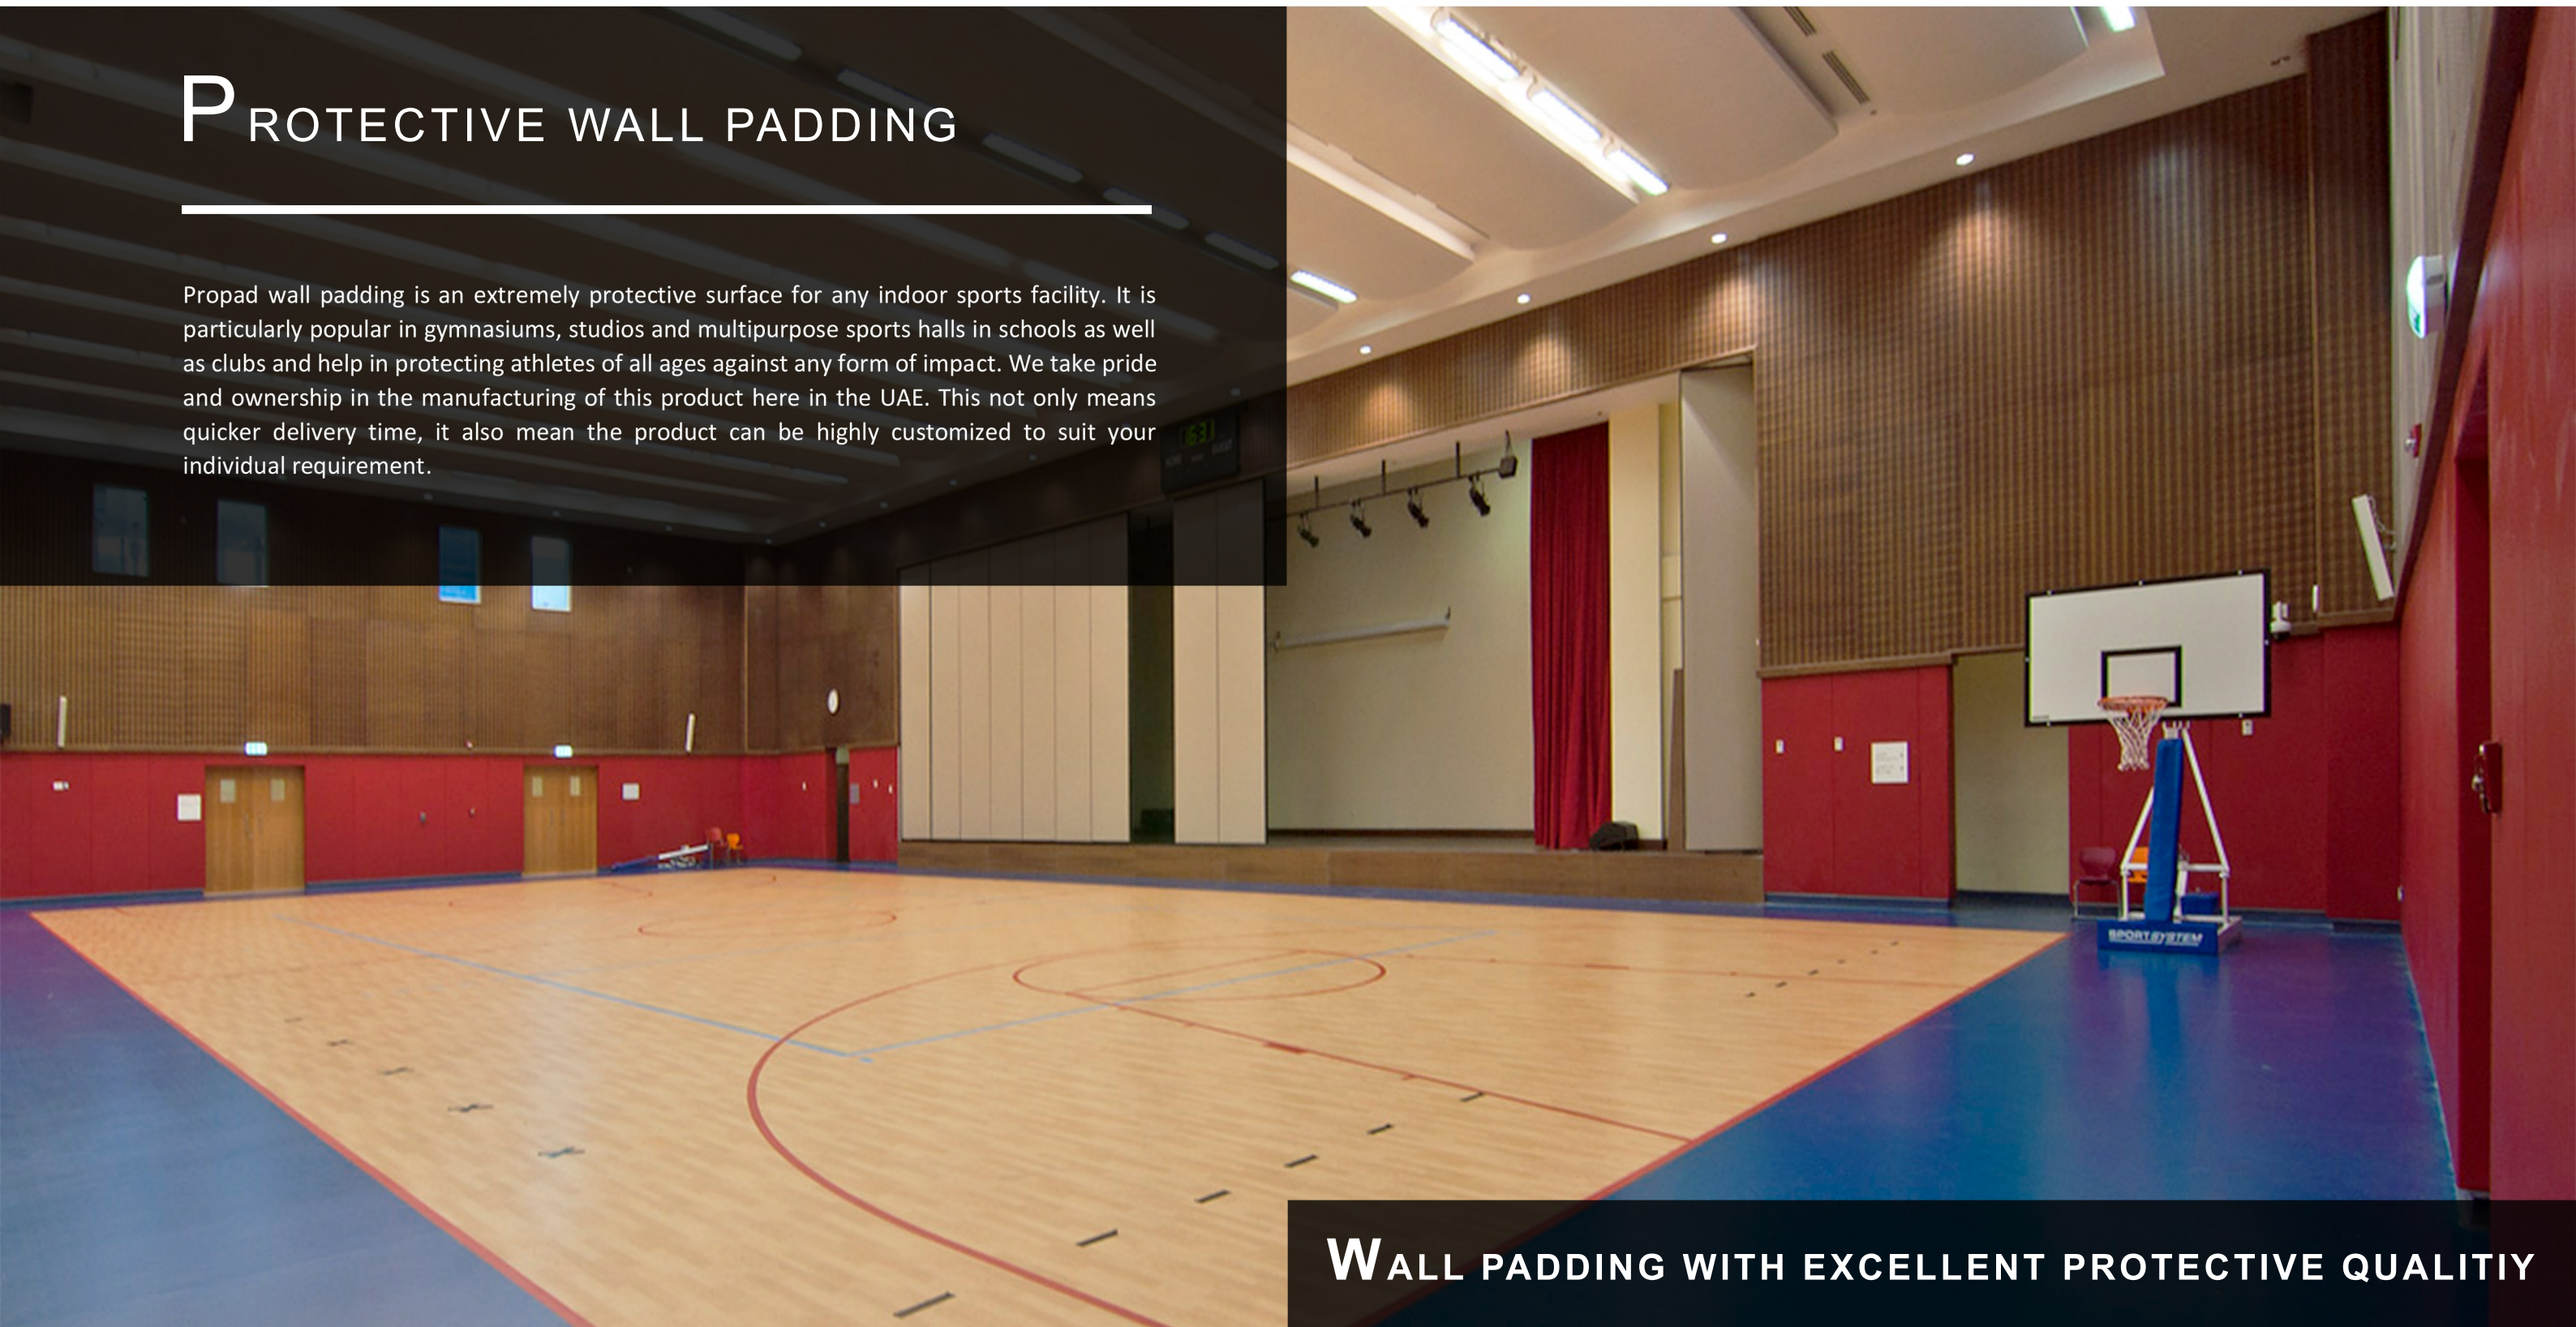

MBM is proud to offer Gym Bleachers, Telescopic Platforms and Other Retractable Seating for Multi-use environments like gymnasiums, arenas, convention centers and even for performing arts auditoriums that demand multiple, flexible seating configurations. When you need to maximize the flexibility of your floor plans, make our seating your game plan.

P LATFORMS FOR YOUR SPORTS HALLS AND ARENAS

PROTECTIVE WALL PADDING

Propad wall padding is an extremely protective surface for any indoor sports facility. It is particularly popular in gymnasiums, studios and multipurpose sports halls in schools as well as clubs and help in protecting athletes of all ages against any form of impact. We take pride and ownership in the manufacturing of this product here in the UAE. This not only means quicker delivery time, it also mean the product can be highly customized to suit your individual requirement.

WALL PADDING WITH EXCELLENT PROTECTIVE QUALITY

LOCKERS AND CUBICLES

Yet another of MBMs own brands, Ray's lockers and Sunshine cubicles are manufactured using state of the art equipment with precise finishing here in the UAE. Made from Phenolic panels or commonly known as HPL, our products are resistant to humidity and scratches hence highly durable in wet areas and changing room environments. You can choose from a wide range of colors and thicknesses from our stock to customize as per your required designs.

CUSTOMIZED CUBICLES AND LOCKERS WITH DIGITAL LOCKING SOLUTIONS
